Children and Young Adult Parties Policy
(under 21 years of age)

We do not allow parties for children and young adults including but not limited to birthday parties, sweet 16s, bar/bat mitzvahs, quinceaneras, and high school graduation parties.

We allow meetings for children such as through Scouts, school, social clubs, or other similar organizations. We allow baby showers, baptisms, and similar parties if most attendees are over the age of 21. These parties may happen at any time of the day.

Parties are allowed if the guest of honor is at least 21 years old. Proof of age is required with a birth certificate, passport, or other government/school issued identification.
